California, Here I Come (#2)

H-A-S-P so long now,
J-E-S-2 take a bow.
A tower of power,
Join in the Fun.
Each Morning, at dawning,
Printers sing and everything.
And, we are singing of its traits.
That's why we can hardly wait.
No-ow, let's make that golden date,
J-E-S-2 here we come.

The Daring Young Man On The Flying Trapeze

Once I was happy but now I'm forlorn,
For I am a 1401 that's been scorned.
I'm left in this world to fret and to mourn,
Replaced by a 370.

Oh, the shop where I was, it was dreadful,
But I tried all I could, there to please.
But the system they brought in
to supercede me
Was once known as H-A-S-P.

It runs through their jobs
with the greatest of ease.
The subsystem once known as H-A-S-P.
Its schedules are graceful,
the management's pleased,
And my work it has taken away.

This JES-2 is known as a hard working guy.
Users would look up to it with a sigh.
The programmers saw it and told me 'Goodbye,'
Their heart flew to it like a breeze.

So I knew that my lifetime was over.
I was there when it picked up my load.
They just plugged it right in
and then shouted 'let's go,'
I was packed up and sent down the road.

It runs through their jobs
with the greatest of ease.
The subsystem once known as H-A-S-P.
Its schedules are graceful,
the management's pleased,
And my work it has taken away.

HASP Medley - No. 1

Happy Days Are Here Again

HASPy days are here again,
Fixed core is at an all time min,
To run without it is a sin,
HASPy days are here again.

Poor Judd Is Dead

O-S is dead,
Plain O-S is dead,
There it lies, the console all serene.
It wasn't doing well,
And it finally rang the bell.
It was just another good old 'Fox-Oh-Three.'

Happy Days Are Here Again

HASPy days are here again,
Fixed core is at an all time min,
Now that all the gens are coming in,
HASPy days are here again.
